Team Composition

Zone	Functional Area	Company	Size	Areas of Expertise
Zone 1	1,2,4,5,6,18,20	AASKI	SB	Planning, designing, implementing, securing, and managing highly complex, mission-critical network and systems
Zone 2	18,20	DLS	LB	Language and cultural training services provider
Zone 2	1,2,4,5,6,18,20	UltiSat	LB	Designs, implements, maintains, operates turnkey satellite systems
Zone 3	1,2,4,5,9,11,16,20	Tempus	LB	Design, engineering, modification and integration services, and operations solutions that support aircraft critical mission requirements
Zone 3	1,2,20	CRL	SB	Engineering, RM&A, Logistics, and Program Support
Zone 4	1,2,3,4,5,6,14,18,20	FedITC	LB	Supports Network and Communications, as well as Environmental and Civil Engineering services.
Zone 4	1,2,3,4,5,6,14,18,20	Taurean	SDVOSB, 8(a)	Identifies, pursues, and defeat cyber threats
Zone 4	1,2,3,4,5,6,14,18,20	ITI	SDVOSB, 8(a)	Information Technology and Intelligence Operations Consulting Services focusing on Intelligence, Surveillance and Reconnaissance (ISR) Support Services
Zone 4	1,2,4,5,6,14,18,20	SCIS	SDVOSB	Hardware, software, training, systems, and firmware engineering solutions for space, airborne, and terrestrial applications
Zone 5	1,2,4,5,6,18,20	ADS	SB	Provides Research and Development (R&D), prototyping, and manufacturing services. ADS also integrates digital imaging systems specifically designed for high speed, high precision image collection.
Zone 5	1,4,7,13,14	Battelle	LB	Research and development, designs and manufacturing
Zone 5	1,3,6,10,12,18,20,21	JMark	SDVOSB, 8(a), WOSB	Provides innovative solutions to U.S. intelligence, homeland security, cybersecurity, and other national security organizations through education, training, security, research and analysis programs.
Zone 5	1,2,3,4,5,14,16,17,18,20	MCB	LB	Engineering Services
Zone 6	1,2,3,7,16	ASURE	LB	Research, development, and consulting
Zone 7	1,2,5,6,12,14,18,20	SSI	LB	Technical Information Management, and Engineering Support Services
