An SBA Certified 8a, VA Certified SDVOSB

ENGINEERING & IT SERVICES

CORPORATE INFORMATION

ITI, an SBA certified 8(a), CVE certified SDVOSB, provides specialized technical support engineering, sensors integration, acquisition logistics management integration, technical expertise, and management capabilities to support Department of State, and AFNORTH missions. Since 2001, ITI has been involved in the ISR programs in support of the International Narcotics and Law Enforcement (INL) Bureau of the US State Department, the Colombian Anti-Narcotics Police, and to NORTHCOM under the Counter Narcoterrorism Technology Program Office (CNTPO) program in support of the Mexican Air Force. ITI has been involved in the development of all operational aspects of these programs.

Our experience spans the Continental US, Caribbean and Latin America with both Engineering and IT support services to federal government and commercial customers supporting critical warfighter missions. The following are a few examples of relevant past performance:

- Colombia: Intelligence Surveillance and Reconnaissance Program
- Trinidad: Dragonfly System upgrades, Sensor System and Analyst Training
- Mexico: C-26 Program (FAM)
 - Engineering Analysis and Parts Procurement
 - Repairs, Upgrade, Procurement and Assessment
 - Air Fleet Management Program (Police)

- 25th Air Force Language Portal (CLPM) IT support services (IA, Network Admin, Systems Admin, Software Development, Help Desk Support,)
- Wilford Hall IT Support; Help Desk, Network Admin, Software Design and Development
